

Your mail is our strength

optimail

Great design combined with state of the art technology makes the optimail your optimal office companion. An **internal clock** means you never need to reset the date.

internal clock

Your mail, perfectly franked.

No problem for optimail, the professional electronic postage meter for 20 to 100 letters a day. Does an excellent job and, with a distinctive contemporary design, looks good doing it.

looks good

First class print quality every time.

high-quality

Made possible by the high-quality ink-ribbon cassette. A spent cassette can be replaced in seconds, and is 100 percent recyclable to protect the environment.

A clean, clear image, at the press of a button.

Also an excellent choice for multiple users like office co-operatives, with memory for up to nine different customized logos. Minimal complexity, for maximum effect - each letter bears an individual advertisement, or conveys a personalised message or greeting.

Franking has never been simpler.

A variety of mailing options at your fingertips, to manage your outgoing mail in a time-saving, professional fashion. Efficient, productive and easy to use.

Cost accounts included.

The costs printout. Printed directly from the optimail. Lists up to nine accounts, for an instant summary of postage costs.

Postage refill by teletset

With optimail you can reload postage whenever you need it with the integrated modem, saving time and effort going to the post office.

A programmable "high postage" amount protects against over-franking your mail.

- Automatic date change
- Smudge-free thermal transfer printing
- Keyboard control
- Electronic memory for up to nine advertising slogans
- Select from up to eight endorsements

clear and concise

- Clear, concise printout of cost accounts, registers
- Adjustable "high postage amount" and low postage warning
- Adjustable franking location
- Connection for FlexiScale letter scale: RS 232 (V24 interface)
- Franks all envelope formats, upto 5mm thick
- TELESET (postage by modem)

Specifications subject to change without notice.
