

IMS-220 Digital Franking Machine

How much money will I save?

The IMS-220 digital franking machine guarantees that every piece of mail you send costs significantly less than if you paid using stamps.

Even when not in use, it minimises your costs. After a period of inactivity, it automatically enters a low-power sleep mode, so minimising your energy bill.

The IMS-220 digital franking machine will generate revenue by advertising your business on every piece of mail you send.

Save money every day

With an IMS-220 digital franking machine, every piece of mail you send costs significantly less than if you paid using stamps.

Suitable for even the smallest office

This compact machine sits unobtrusively on a desktop and its integrated weighing platform (2.5kg), means there's no need for separate scales. It operates with minimal noise, so won't disturb other activities taking place nearby.

A flexible solution

It effortlessly processes up to 45 pieces of mail a minute and handles mail up to 9.5mm thick, larger items can be processed using labels.

Easy to use

There's no need for a specialist operator or extensive training. The interactive menus displayed on the control panel are intuitive and simple to use. They're backed up by user-friendly instructions that lead even someone who's never franked mail before through each stage of a task.

Manage your time effectively

Up to five presets minimise preparation time for common jobs. And if you're always rushing to meet deadlines, you can advance the date and prepare mail reading for sending later in the week – perfect if you've time spare today and a hundred and one things need to be mailed out tomorrow.

Print promotional message on every envelope you frank

Don't just save you money; turn your mail into a powerful revenue-generating tool

Get you mail opened and read

Printing a promotional message on every envelope you frank ensures your mail is more likely to be opened and read ahead of mail sent by your competitors. On top of this, our advanced ink-jet technology produces a professional impression every time. It's a simple and cost-effective way of letting customers and potential customers know you company has high standards.

No more queuing for stamps

Re-credit your franking machine at the touch of a button. And get up to 55 days free credit by taking advantage of Purchase Power, the PB post now and pay later service.

A gateway to the future

The IMS-220's digital indicia satisfies all current postal regulations, and the technology's flexibility makes the IMS-220 adaptable for the future.
